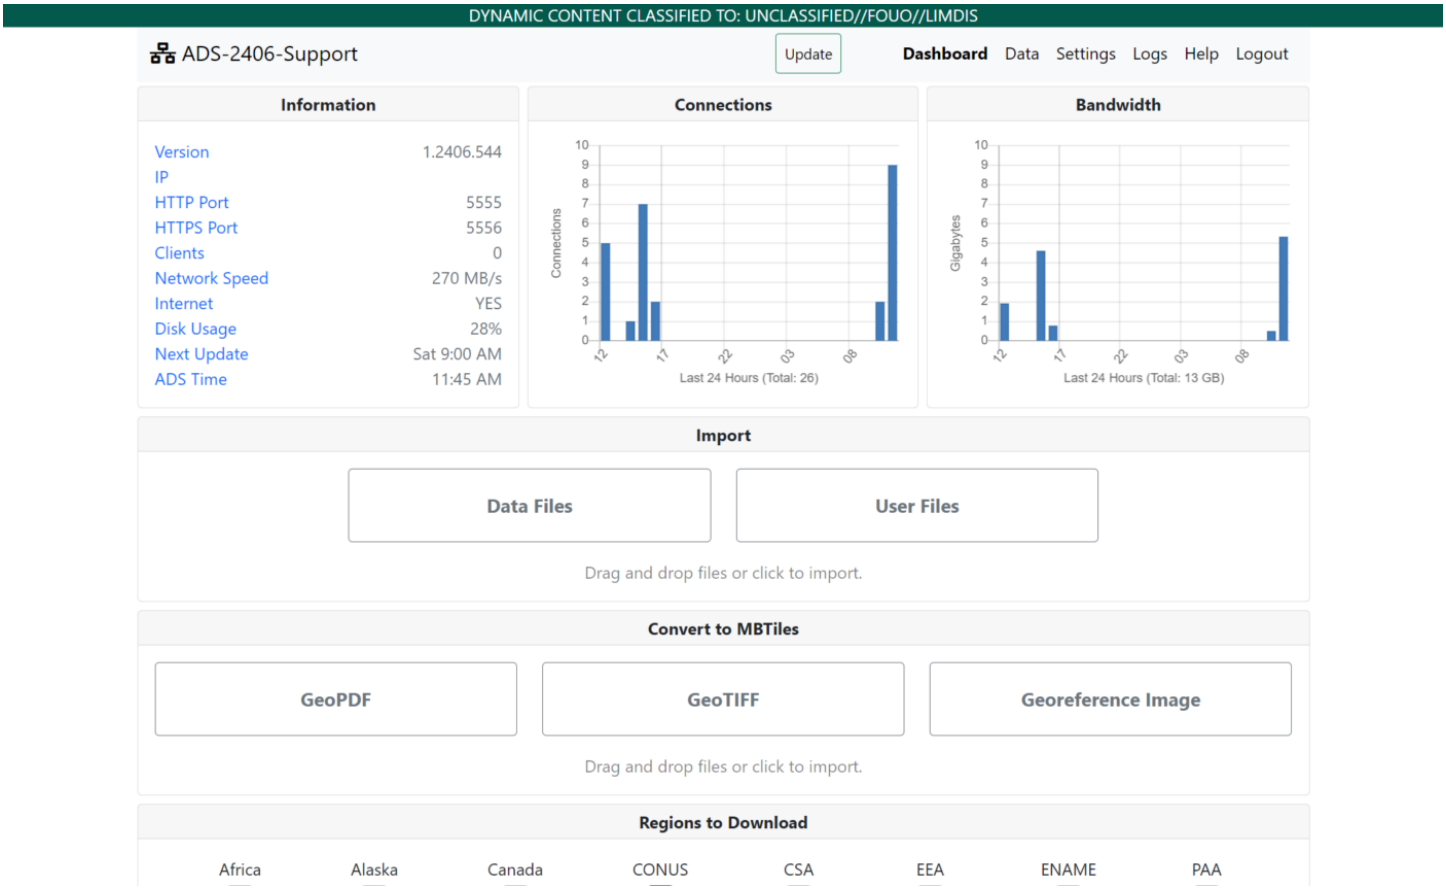
What is Aero Data Server (ADS)?

Aero Data Server (ADS) · https://www.aeroapp.info/kb/docs/ads/what-is-ads/

An Aero Data Server or ADS is software that manages the deployment of data to Aero App. ADS allows Aero App on iOS, Android, and Windows to download data over a local network in a secure and efficient manner.



HTTP Port	5555
HTTPS Port	5556
Clients	0
Network Speed	324 MB/s
Internet	YES
Disk Usage	29%
Next Update	Wed 9:00
ADS Time	11:51
