How to Delete Dropped Hazards

Aero App · https://www.aeroapp.info/kb/docs/aeroapp/delete-dropped-hazards/

Dropped Hazards can be deleted from the collection of Dropped Hazards within the Route Manager.

1. Tap on **Route** to expose the Route panel.
2. Tap on the **Route Manager** button.
3. Tap on **Show**.
4. Tap on **Dropped Hazards** to open the collection of Dropped Hazards.
5. Swipe from Right to Left on the Dropped Hazard to expose the **Delete** button.
6. Tap on the **Delete** button and the Dropped Hazard will be removed from the collection.
